COMING ON A VISIT.

Mr. Acton Burrows, the proprietor of

the *Western World* and of the *North West*

Farmer, is expected to arrive here at the

end of the week to spend some days

looking into the resources of the district.

It is now twelve years since Mr. Bur-

rows visited Prince Albert, when he was

the guest of Mr. Charles Mair, and he is

naturally anxious to see the improve-

ment which has taken place. Mr. Bur-

rows' publications are well known here.

As has been before mentioned in these

columns the *Western World* is perform-

ing a very important work in making

known the resources and development of

the country between Lake Superior and

the Pacific coast and it has always had a

good word to say for Prince Albert, some

of its recent articles, defending the Sas-

katchewan as a wheat producing district

CUMBERLAND.

The electors of Cumberland still
have all the responsibilities of choos-
ing a candidate to represent them
in the new Legislative Assembly.
Three candidates have been nomi-
nated, and the friends of each are
pushing a vigorous canvass.

Those who are supporting the
re-election of Mr. Betts have every
advantage. Public meetings have
been held at several important
points, and at each he has definitely
outlined the policy which will gov-
ern his actions for the next three
years, while on some of the more
important questions (the discussion
of which Mr. Turner has shirked)
Mr. Plaxton is continually shifting
his opinions. At the South Branch
he neglected to give his views as to
the methods which should be ad-
opted on the liquor question. At
Island Lake he was a temperance
man but believed in the permit sys-
tem. At Prince Albert he repudi-
ated his strong temperance prin-
ciples of three years ago. Electors
will hardly allow such wavering op-
inions to again represent them in
the councils of their country. Mr.
Betts pledges himself to urge the in-
troduction of a stringent licence law
with all the advantages of the Cana-
da Temperance Act, granting the
people rather than the Lieutenant-
Governor, the power to say whether
liquor shall be sold or not. On
every other question, excepting the
ballot, Mr. Plaxton stands without
a fixed opinion, and no one knows
the views which may be held by Mr.
Turner, but on the Language, School
and Public Works questions, the
question of Brands and Prairie Fires,
Mr. Betts gives definite assurances,
which if carried out, must prove of
wonderful advantage to the people.
His distinct opinions on these im-
portant matters when compared with
no assurances from either of his op-
ponents, will make a choice easy for
the electors, and the large majority
which Mr. Betts will receive on
election day will convince all future
candidates that the people demand
a straightforward account of a past
record and distinct assurances for
the future before the confidence of
the electorate will be reposed in them.

TWO BOODLERS GONE.

The Toronto Empire of Oct. 26,
says:—

The flight of O. E. Murphy and
K. H. McGreevy rides the Dominion
for the present of two as deep-dyed
scoundrels as our country has ever
been cursed with, and were it not
that they are thus escaping richly
merited punishment for their crimes,
no one would be sorry they are
gone. Brought to trial for a bold
conspiracy to defraud a former as-
sociate, they brazened it out till
evidence so conclusive as to leave
no doubt of their guilt had been
given, when, seeing inevitable con-
viction and sentence staring them
in the face, they thought it better
to put themselves beyond the reach
of Canadian law, and departed ac-
cordingly. Although their flight
had immediate connections with the
celebrated \$400,000 conspiracy, the
feeling of regret in the public mind
will be more that they have got
away before being punished for their
share in the robbery of the Dominion
through the Quebec railway works
than in connection with the crime
of which they have already been
convicted. It is generally under-
stood that the Dominion Govern-
ment are preparing to take proce-
dure against those whom the evi-
dence at the recent session showed
to have been guilty of fraud or con-
spiracy, and certainly no more il-
lustrative cases were to be found than
that of the two who have now made
their escape. Their conviction now,
and flight to escape punishment,
places them in their true light be-
fore the public, and while it is to be
regretted that they have got away
before being prosecuted for their
share in the conspiracy to defraud
the Government, there is some com-
pensating advantage in the fact that
the country is rid of them.

The suggestion advanced by Mr.
Betts that School Bonds should be
J. in petitioning the Federal Par-
liament to allow the Assembly to
collect and control all revenues from
the product of school lands, is a
wise one, and if carried out should
make a large addition to our public
school fund.

Canadian butter in Britain is sell-
ing at 102s. to 110s. with a good
demand. The United States pro-
duct is quoted at 98s. to 100s. in
the same market. Advertis from
Liverpool regarding the cheese mar-
kets there say Canadians are in de-
mand at 40s. to 42s., with some
really perfect lots commanding 50s.
The finest new U. S. cheese are
quoted at 45s. to 48s. The Cana-
dian dairy products are strongly gain-
ing favor in the British markets, and
the English consumer is evidently
willing to pay good prices for them.

PRINCE ALBERT.

The residents of the electoral dis-
trict of Prince Albert must be con-
gratulated on their choice of the
member elected to represent them
in the Legislative Assembly.

Mr. F. McKay, the member elect-
ed by acclamation last Saturday,
has had more experience of the
Northwest in general, and of this
district in particular, than any other
resident, and has always been close-
ly connected with every progressive
movement to light forward for the
benefit of Prince Albert and sur-
rounding country.

Mr. McKay is a very good ex-
ample of the close, indeed the ab-
solute identity of town and country
interests, and this in itself warrants
the certainty of an impartial trust-
eeship of our affairs in Regina, and

we may be sure that the interests of
Saskatchewan generally, will be man-
fully upheld by the member for
Prince Albert.

It must be extremely gratifying
to Mr. McKay to find himself un-
animously elected to represent such
an important district as Prince Al-
bert, and at such a critical stage
in the history of the country, but it
is more a matter of congratulation
to be able to find a man of such
known integrity and independence,
that men holding widely different
political views are so convinced of
his uprightness and of his complete
fitness for the position which he now
occupies, that no dissenting voice
has been raised in opposition to his
return.

We are sure that the trust reposed
in Mr. McKay by the people of
Prince Albert is not misplaced, and
are certain that the true interests of
Saskatchewan will be jealously
guarded and vigorously defended, if
needed be, by him.

GENERAL NEWS.

London, Oct. 29.—The protest for peace exists in the South American trade for the news from South America. The general impression is that Chile will fight, and that the United States is now in a position where it must fight or retreat with dishonor. No person of responsibility has yet been found who doubts that America will come out foremost in the end, but the general expression is that Chile will have for the present a decided advantage. The sentiment of the mercantile houses trading with Chile is strongly against war, and the mercantile interests are also opposed to it. On the other hand, it is held that war might result in the United States, through an arrangement with Peru, getting control of the straits and silver deposits, also that a successful war would have the effect of raising American prestige in South America, to the detriment of England. The change of feeling since yesterday is most significant. Then the idea of war was postponed. Now the South American opinion in London is exactly the reverse, and war is regarded as almost inevitable.

St. Paul, Oct. 29.—The South Perth election trial was concluded today, Trow the Reform whip in the Commons, being allocated for battery by agents.

London, Oct. 29.—Great disappointment is expressed by Canadians in England that the postal authorities have failed to make the necessary arrangements for a first class mail service between the Dominion and Great Britain. The last sailing under the present postal service between England and Canada comes today.

Montreal, Oct. 29.—The smallpox appears to be increasing in this province in spite of the almost superhuman efforts being made by the health authorities to stamp it out. So far, 98 cases in all have been reported to the provincial health board; of these eighteen have proved fatal.

Rome, Oct. 29.—News is continually being received of the havoc wrought by the floods in Northern Italy. A factory was swept away in the rising waters and twelve people drowned, while at Rancune a rock, loosened by the storm, fell on a house, killing five.

London, Oct. 29.—Bank of England rate of discount today is 4 per cent.

St. Petersburg, Oct. 29.—The Czar has

directed that a full statement be submitted to him of all the arrears of taxes due by the famine-stricken provinces. It is believed that the Czar intends to remit all the arrears due by such provinces, and also grant them a diminution of taxation for several years.

Copenhagen, Oct. 29.—The Czar, Czarina and other members of the Russian Imperial family, the King and Queen of Denmark and Princess of Wales accompanied by her daughters, the Princesses Victoria and Maud, left Denmark today on board the Russian Imperial yacht for Dantzig, when the imperial and royal party expect to proceed in the Russian imperial train to Livadia, traveling by way of Warsaw. It is expected that the King and Queen of Denmark will stay at Livadia some time to be present at the celebration of the silver wedding of the Czar and of their daughter the Czarina. Most careful preparations have been made to prevent the possibility of accident to the train. Thousands of troops will be stationed along the line and the usual precautions followed as to the inspection of the track.

Ottawa, Oct. 29.—Mr. Dewdney is interesting himself in the erection of a court house and police accommodations, immigration sheds, land and registry offices in the Northwest Territories, grants in aid of which were voted last session. The points particularly mentioned are Grenfell, Wolsley, Regina, Moose Jaw, Medicine Hat, Maple Creek, Lethbridge, Calgary, Edmonton, Prince Albert.

Toronto, Oct. 29.—A rich deposit of fire clay has been discovered near Toronto across the Don. Fire clay has not so far been discovered in Canada, nor to any extent in America. An analysis shows the clay to be equal to the best Scotchbridge clay.

The Empire's Quebec correspondent says he learns upon authority that cannot be disputed that Mercier is already making preparations for definite retirement from public life.

Wm. O'Connor, the American champion oarsman, has returned from the Pacific coast. He says he is not aware that Stansbury and Beach are coming to America, but hopes they are. He declares himself ready to meet the former anywhere and on any course. If he beats the Australian champion he will retire from the course.

Virdee, Man., Oct. 29.—A big fire occurred here this morning, and happily is now under control. The flames broke out in the Ottawa hotel stable, where over 20 horses were cremated. The fire started in the stable, which is on the west side of Main street, at 2.30 a.m., burning the buildings and stocks of Ramsay & Clingan, general store; Francis & Millar, hardware; Ottawa hotel and stable; Huston's stables and McLeod's dwelling, all of which are a total loss. The estimated loss is \$30,000.

John Lamb, of Toronto, is asking the council for \$100,000 bonus for the erection of a 160 ton blast furnace at Port Arthur.

I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy, given FREE and POST OFFICE. H. G. ROOT, M. C., 186 ADELAIDE ST. WEST, TORONTO, ONT.

A few thoughts concerning ~~asthma~~

ASTHMA

Its Cause and Cure
Must interest every one afflicted with this terrible disease. To describe this disease to one that has suffered for years the untold agonies of suffocation and distress night after night and who (in many extreme cases) would only gladly welcome death in order to be relieved from such suffering with no prospect of ever being any better is not pleasant to contemplate. All the boasted remedies heretofore claimed to cure Asthma have failed or only given temporary relief. The smoking of leaves and herbs, saturated paper and pastilles has been resorted to as the best means for only a temporary relief anything being considered a blessing that will release the grasp of the fingers of death even for a short time, which seems to brighten every moment more and more; the sufferer knows that this is Asthma.

Today suffering, in a few days relieved, and no good reason can be given as to the cause of these sudden changes and return of suffering, only by the poisonous blood acting on the nervous producing the disease. In Asthma there is a
SPECIFIC POISON IN THE BLOOD **DESTROYED**
before Asthma can be

CURED

This poison is of times inherited and passed through many generations, like Scrofula, never losing its power to produce Asthma and oft-times affecting the lungs and bringing the sufferer down to a Consumptive grave. Location, with surrounding causes will arouse and set to work this poison in the blood, so that in some sections of the country Asthma cannot live, even in one part of a city these sufferings is intense, more to another part and they are entirely free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the Atmosphere in many localities will develop this poison in an unusual degree (due to) affecting the straws, producing spasms and difficult breathing, which every Asthmatic has had some sad experience with, suffering and no hope of being cured; for having tried every known remedy, exhausted the skill of the physicians, have given up in despair.

After years of study and patient research we present a cure for Asthma known as **DR. TAFT'S ASTHMA REMEDY**, which will entirely destroy this poison in the blood and remove the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the cure secured to the sufferer. **ASTHMA REMEDY** is unlike all other so-called Asthma cures, as it contains **NO OPIUM, MORPHINE, IPECAC, SQUILL, LEBELIN, ETHER, CHLORFORM** or any other dangerous narcotic, but its combination is of such a nature that it will destroy every particle of this poison in the blood and circulate it from the system, effect a cure and give a night's sweet sleep. We have received thousands of testimonials from every State in the Union of the marvelous relief from the use of the **ASTHMA REMEDY**. We have never published them, for testimonials have been manufactured so extensively and sold so cheap that people have no confidence in them.

WE DO NOT WANT YOU TO SEND US MONEY
We do not make out a long list of prying, personal and impertinent questions, nor do we ask you any cheap trap or any nonsense of any kind in order to make monthly or permanent patients; we only ask you to send us **ASTHMA REMEDY** to **TRY A FEW DOSES** of Asthma Remedy. We make **NO CHARGE** for a trial bottle to sufferers from this terrible maddening. **DR. TAFT** Send us your name on a postal card and we will mail

FREE
We have no desire to show its power over the disease, stop the spasms and give a good night's rest, and **PROVE TO YOU** (no matter how bad your case) that **ASTHMA REMEDY** CAN CURE ASTHMA, and you need no longer neglect your business or sit at home all day gasping for breath or fear of suffocation. Send us your full name and post office address on a postal card to **THE DR. TAFT MED. CO., ROCHESTER, N. Y.**

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been affected with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower. Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." G. G. GREEN, Sole Man'fr, Woodbury, N.J.
